MISS FEARLESS AND COMPANY

Will Delight the People of St.
Charles Tuesday Night May
16th Proceeds for Benefit

OF THE NEW METHODIST CHURCH

Miss Fearless & Company, a home talent play composed of ten of Earlington's most talented young ladies will be given at St. Charles on Tuesday night May 16 and the proceeds will go for the new Methodist Church of this city. This company played to packed houses here and at Madisonville and Mortons Gap. The play is well worth the small price charged to say nothing of the cause for which it is produced. People who enjoy a good hearty laugh cannot afford to miss seeing Miss Fearless & Co.

White Plains Woman Adjudged Insane.

Mrs. Nellie Shelton, wife of William Shelton, near White Plains, was adjudged insane Wednesday afternoon and ordered to the asylum at Hopkinsville. The unfortunate woman was laboring under the delusive impression she had a divine message to kill all who disobeyed her.

WOMAN TELLS STORY OF INTENSE SUFFERING

At the age of about 40 years, I was attacked with hemorrhage of the kidneys or bladder which continued for several years without a check. I finally took advantage of your generous offer and procured a sample bottle of Swamp-Root. Believing it helped me, I purchased a fifty-cent bottle, which convinced me that it was helping me. Three other bottles cured me. In two or three years, over-work brought my ailment back, but one bottle stopped it.

I feel as if I owe my life to you for the great blessing Dr. Kilmer's Swamp-Root has been to me. I recommend it to all human beings suffering as I was. You have my permission to publish this letter and if any person doubts it, if they will write me, enclosing stamp, I will give full particulars.

Yours very truly,
MRS. T. B. PHELPS,
Rocky, Ark.

Personally appeared before me this 31st day of August, 1909, Mrs. T. B. Phelps, who subscribed the above statement and made oath that the same is true in substance and in fact.

L. P. Purvis, J. P.

Prove What Swamp-Root Will Do For You. Send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. It will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys and bladder. When you are sure and mention this ad, regular fifty-cent and one-size bottles for sale at all stores.

Locomotive Blasts

Died Suddenly

Mrs. E. W. Bopham, aged 67 years, wife of Engineer Bonham one of the oldest engineers on this division, died suddenly at her home in Nashville Wednesday afternoon at 3:30 o'clock. She had been in good health and her demise was unexpected. Mr. Bonham was pulling train 51 and received a message at Springfield, that his wife was dead. She was a member of the Presbyterian church and was a consistent christian woman, a good wife and devoted mother. Besides her husband she leaves three sons and a daughter, all grown and married. The many friends of the family extend heartfelt sympathy in hour of trouble.

It is reliably reported that there will be considerable changes for the better made at the Guthrie passenger station and that two train sheds will be built one for the Henderson division and one for the Memphis line, also concrete platforms will be laid along both tracks and between the Memphis line and the hotel. There are a large number of passengers handled at Guthrie daily as there are 36 passenger trains in and out of that place every 24 hours and these improvements mean a great deal in the way of handling passengers, baggage and express.

Dallas Curtis, a former Earlington boy, has accepted a position as freight clerk for the L. & N. in the Hopkinsville office.

Brakeman Springfield is in Seebree this week visiting his mother.

J. E. Baker who has been flagging on the interurban several days was relieved by flagman Underwood who has been off on account of illness.

It is reported on reliable authority that the transportation department of the Henderson division have recommended to the management at Louisville that all but the noon run of the interurban between Earlington and Nortonville be pulled off on Sundays.

Carlstead Robinson who has been working 3rd trick at the Earlington yard office has been transferred to 1st trick and Roy Davis who has been 1st trick man is working 4th.

Operator Brown of the north Block office who has been off several days has returned to work.

Operator and acrobat Billie Fugate who has been working at the North Block office is now working nights at Sedree.

Luther Whistler who has been night operator at this place is visiting friends in Murfreesboro, Illinois.

Operator Hardy, of Springfield is working nights in Whistlers place.

Chief Dispatcher W. K. Griffin is off on a short leave of absence.

Dispatcher N. E. McKinnon is acting chief during the absence of Mr. Griffin.

D. E. Lynn has accepted a run on the M. H. & E. in order to enable him to be home Sundays at night.

There is still quite a good deal of work to be done south of Pembroke before the grading is completed.

"Cappie" Cole, an old time Henderson division conductor, was here this week, accompanied by his wife, who was formerly Miss Effie Robinson of this city. They will visit friends and relatives in Madisonville and other points in Kentucky and Tennessee, before returning to their home in Durand Mich.

Dispatched Thompson is now working 3rd trick while Mr. McKinnon is acting chief.

Are You Suffering From Piles?

Buy your tickets right away and help along the good cause. Proceeds to be used for the benefit of the new church building.

Starts Much Trouble.

If all people knew that neglect of constipation would result in severe indigestion, yellow jaundice or violent liver trouble they would soon take Dr. King's New Life Pills, and end it. Its the only safe way. Best for biliousness, headache, dyspepsia, chills and debility. 25c at all druggists.

Dr. N. G. Mothershead, who has been visiting friends in Owensboro, has returned home.

MADERO'S ARMY CAPTURES JUAREZ

After One of the Bloodiest Battles of the War.

65 DEAD 250 WOUNDED.

Gen. Madero's insurrecto army after one of the bloodiest battles of the Mexican revolution, captured Juarez May 10th and established there the provisional capital of the Mexican Republic. Gen. Navarro and his entire garrison composed, of about 500 men, surrendered to Gen. Madero after a strong resistance. It was estimated that fifty Federals and fifteen rebels were killed and about 250 wounded on both sides during the fighting.

A Father's Vengeance

would have fallen on any one who attacked the son of Peter Bondy, of South Rockwood, Mich., but he was powerless before the attacks of Kidney trouble. "Doctors could not help him," he wrote, "so at last we gave him Electric Bitters and he improved wonderfully from taking six bottles. Its the best Kidney medicine I ever saw." Backache, tired feeling, Nervousness, Loss of Appetite, warn of Kidney trouble or Bright's disease. Beware: Take Electric Bitters and be safe. Every bottle guaranteed. 50c at all druggists.

KILLED BY FALLING SLATE

John King Meets Instant Death in Reinecke Mines Tuesday Morning

John King a white man about 47 years old was instantly killed at the Reinecke mines, near Madisonville Tuesday morning by falling slate. When the accident occurred King was at work cleaning up and was in a stooping position. A large piece of slate about five feet long and four inches thick fell on him breaking both legs and otherwise injuring him. When the slate was removed he was dead. Funeral services were held Thursday and the body interred in the Rose Creek cemetery. He was unmarried and leaves a mother three brothers and a sister.

Church Notes

The Revival.

The revival at the Christian church seems to go forward with increasing interest and power. The audience continues to fill the house at every service, the music keeps on the high plane it has been on from the first of the meeting and the sermons are still of that short striking kind that reach and help young men. There have been confessions at every service this week. The number added to the church this week up to Thursday night, is 31. The minister announced last that on Sunday morning he will preach on the "Second Coming of Christ" and in the evening on "The Judgment Day." These sermons will probably attract great attention, for they are on subjects that interest everyone. Baptismal services are being held almost daily at the church.

"Mothers' Day" will be observed at the Sunday school of the M. E. Church, South, next Sunday. The Baraca Class will have charge of the white carnations and they will be worn by the Baraca members in honor of their mothers. The sermon at 11 a. m., by the pastor, will be in keeping with the day. "The Cause of the Boldness of the Apostles." The mothers are invited to attend the Sunday school next Sunday. We are having new additions to the school every Sunday.

Facts About Motherhood

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at the time of child-birth, but many approach the experience with an organism untried for the trial of strength, and when the strain is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, women will persist in going blindly to the trial.

It isn't as though the experience came upon them unawares. They have ample time in which to prepare, but they, for the most part, trust to chance and pay the penalty.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy, and strong.

Any woman who would like special advice in regard to this matter is cordially invited to write to Mrs. Pinkham at Lynn, Mass. Her letter will be held in strict confidence.

Unexpected Guests

The farmer and his wife were about to sit down to a cold supper when they saw some old friends driving towards the house.

The good wife was equal to the occasion—thanks to her New Perfection Oil Cook-stove.

She had it lit in a moment, and her guests hardly were seated on the porch before a hearty hot meal was ready for the table—sausages and eggs and long rashers of streaky bacon, and rolls just crisped in the oven and fresh coffee—and the hostess herself as cool and neat as if she had not been near the kitchen.

She never could have managed it with an old-fashioned range. The New Perfection is the quickest, most convenient and best cooker on the market.

Atlanta Brood Coop

MADE OF HEAVY GALVANIZED IRON

We Claim for this Coop Many Advantages Over Any Other on the Market

FIRST: They are collapsable, and can be put away in the fall in a few minutes in a very small space and reassembled when needed in two minutes each.

SECOND: The sanitary features of these coops cannot be excelled, as the ventilation is perfect and the bottom can be removed in one minute without any trouble, quickly cleaned and replaced, without removing any other section of the coop, as there are no bolts, screws, hinges or fastenings to bother with. Lice or vermin will not harbor in galvanized iron, there being no crevices in which to secrete themselves and multiply nor for disease germs to find a lodging place. These coops are absolutely proof against Rats, Weasles, Minks, Skunks and other chicken eating animals. Government statistics show that rats destroy more chickens every year than every other agency.

THIRD: It is made of heavy Galvanized Iron and is as rigid as a wooden coop, but does not hold dampness, it is also absolutely weather proof, even in the most driving rain. It is as cheap as any wooden coop and has many advantages not found in them. The different doors can be set in an instant and will remain when placed until changed.

FOURTH: Made in two sizes with 8 and 9 inch revolving doors.

But
Imitators
Can't
Compete

When an article becomes standard, it is imitated.

Practically every kitchen cabinet made is modeled nearly as possible after the Hoosier.

But you won't find in any kitchen cabinet the high grade material, the splendid craftsmanship, the fine durable finish, that distinguishes every kitchen cabinet with the Hoosier trade mark.

Hoosier Kitchen Cabinets are made to last a lifetime—and to save a few thousand steps and two hours time, every day.

Particular people use them—they cost no more.

BANKS SPEAKS

For the First Time Since His Incarceration—Asks if it is Any Harm to Laugh.

Elkton, Ky., May 10.—The first word uttered by Morris Banks since his trial for the murder of his aunt, Mrs. Fennel A. Seebree began, was heard at the night session of court while W. R. Winn, a crooper on a farm where the defendant had taken up his abode in an abandoned cabin, was testifying. Winn kept the great crowd in the court room laughing by the droll way in which he told of his fear of the defendant, and Banks laughed heartily with the rest.

Mr. Trimble, of Hopkinsville, attorney for the prosecution, asked the witness on cross examination if he had noticed Banks laughing, and Banks created a sensation by immediately crying in a loud, clear voice, "Well, it ain't no harm to laugh, is it?"

Mr. O. W. Wilson, the defendant's cousin; Miss Marguerite Banks, a sister, and J. N. Banks, of Henderson, secretary of the district board of the Tobacco Stemming Association, and an uncle, were heard for the defence. He told of family history, supporting the insanity theory of the defence, while the prosecution attempted to show by cross examining him that, far from being insane, Banks' father and uncles and aunts were people of exceptional intellectuality.

Mr. Banks, who is also press agent for the stemming association, vigorously denied that he

had, shortly after the prisoner's incarceration in jail here, sent out reports to the press to the effect that young Banks was a raving maniac.

The commonwealth succeeded in establishing by several of the defense witnesses the fact that Banks was a great reader of works of fiction and popular magazine.

The average age of the jurors lacks but ten months of being 60 years, and it is unquestionably the oldest jury that ever sat in a murder case in this section.

Half a Gallon of Water Drunk Daily.

The average quantity of water used daily in the cities of the United States ranges from 50 to 150 gallons per capita. The quantity used each day for drinking is estimated to be about half a gallon. It is of the greatest importance that this half-gallon shall be free from the germs of typhoid and other diseases. For many uses, such as sprinkling streets and flushing sewers, no purification is needed, but for a large number of other uses the value of the water depends on the amount and kind of mineral matter it contains. The best water for use in laundries, steam boilers, textile works, and paper mills is that which is clear, is free from iron, and contains only a moderate amount of other mineral matter.
